

# Bathroom Etiquette

- Toilet paper goes in the toilet and is flushed. **Nothing** else goes in the toilet.
  - If you miss the toilet, clean it up right away.
- Use the shower curtain. It is there to keep the rest of the bathroom dry.
- The plastic shower curtain goes on the inside of the tub when showering.
- Use the fan / dehumidifier. Turn the fan on before getting into the shower.
  - Tell your host family right away if you notice a plugged drain / toilet.
- Put paper towel down if you are using nail polish. Speak with your homestay parent about the best way to use nail polish in their home.
  - **DO NOT** dye your hair in the bathroom - Ask if you want to dye your hair.
- Be considerate of others that also use the washroom in terms of time spent in the bathroom and the cleanliness of it. Clean your hair up if it sheds.
